

	MHP 65 E
	233661
Manufacturer	STIEBEL ELTRON
Rated heating output Pnom	-
Minimum heating output (standard value) Pmin	-
Maximum continuous heat output Pmax,c	-
Energy consumption in off mode P0	-
Energy consumption in standby mode Psm	-
Energy consumption in idle mode Pidle	-
Energy consumption in network mode Pnsm	-
Energy consumption in standby mode with display	-
Seasonal energy efficiency in active mode $\eta_{S,ON}$	-
Type of heating output/room temperature control: Single stage heating output, no room temperature control	-
Type of heating output/room temperature control: Two or more manual stages, no room temperature control	-
Type of heating output/room temperature control: Room temperature control with mechanical thermostat	-
Type of heating output/room temperature control: With electronic room temperature control	-
Type of heating output/room temperature control: Electronic room temperature control plus day timer	-
Type of heating output/room temperature control: Electronic room temperature control plus week timer	-
Other control options: Room temperature control with presence detection	-
Other control options: Room temperature control with window open detection	-
Other control options: With distance control option	-
Other control options: With adaptive start control	-
Other control options: With working time limitation	-
Other control options: With black bulb sensor	-
Other control options: with self-learning function	-
Other control options: with control accuracy	-
