

		CNS 150-1 Plus
		201996
Manufacturer		STIEBEL ELTRON
Rated heating output P <sub>nom</sub>		-
Minimum heating output (standard value) P <sub>min</sub>		-
Maximum continuous heat output P <sub>max,c</sub>		-
Energy consumption in off mode P <sub>0</sub>		-
Energy consumption in standby mode P <sub>sm</sub>		-
Energy consumption in idle mode P <sub>idle</sub>		-
Energy consumption in network mode P <sub>snm</sub>		-
Energy consumption in standby mode with display		-
Seasonal energy efficiency in active mode $\eta_{s,on}$		-
Type of heating output/room temperature control: Single stage heating output, no room temperature control		-
Type of heating output/room temperature control: Two or more manual stages, no room temperature control		-
Type of heating output/room temperature control: Room temperature control with mechanical thermostat		-
Type of heating output/room temperature control: With electronic room temperature control		-
Type of heating output/room temperature control: Electronic room temperature control plus day timer		-
Type of heating output/room temperature control: Electronic room temperature control plus week timer		-
Other control options: Room temperature control with presence detection		-
Other control options: Room temperature control with window open detection		-
Other control options: With distance control option		-
Other control options: With adaptive start control		-
Other control options: With working time limitation		-
Other control options: With black bulb sensor		-
Other control options: with self-learning function		-
Other control options: with control accuracy		-
