

Product datasheet: Product information on electric local space heaters to Regulation (EU) 2024/1103

|                                                                                                           |  | CK 150-1 TREND |
|-----------------------------------------------------------------------------------------------------------|--|----------------|
|                                                                                                           |  | 236304         |
| Manufacturer                                                                                              |  | STIEBEL ELTRON |
| Rated heating output P <sub>nom</sub>                                                                     |  | -              |
| Minimum heating output (standard value) P <sub>min</sub>                                                  |  | -              |
| Maximum continuous heat output P <sub>max,c</sub>                                                         |  | -              |
| Energy consumption in off mode P <sub>0</sub>                                                             |  | -              |
| Energy consumption in standby mode P <sub>sm</sub>                                                        |  | -              |
| Energy consumption in idle mode P <sub>idle</sub>                                                         |  | -              |
| Energy consumption in network mode P <sub>snm</sub>                                                       |  | -              |
| Energy consumption in standby mode with display                                                           |  | -              |
| Seasonal energy efficiency in active mode $\eta_{s,on}$                                                   |  | -              |
| Type of heating output/room temperature control: Single stage heating output, no room temperature control |  | -              |
| Type of heating output/room temperature control: Two or more manual stages, no room temperature control   |  | -              |
| Type of heating output/room temperature control: Room temperature control with mechanical thermostat      |  | -              |
| Type of heating output/room temperature control: With electronic room temperature control                 |  | -              |
| Type of heating output/room temperature control: Electronic room temperature control plus day timer       |  | -              |
| Type of heating output/room temperature control: Electronic room temperature control plus week timer      |  | -              |
| Other control options: Room temperature control with presence detection                                   |  | -              |
| Other control options: Room temperature control with window open detection                                |  | -              |
| Other control options: With distance control option                                                       |  | -              |
| Other control options: With adaptive start control                                                        |  | -              |
| Other control options: With working time limitation                                                       |  | -              |
| Other control options: With black bulb sensor                                                             |  | -              |
| Other control options: with self-learning function                                                        |  | -              |
| Other control options: with control accuracy                                                              |  | -              |
