

		HPA-O 07.2 Plus HC 230
		207430
Manufacturer		STIEBEL ELTRON
Space heating energy efficiency class under average climate conditions, medium-temperature applications		A+++
Energy efficiency class, space heating under average climate conditions, low-temperature applications		A+++
Rated heating output under average climate conditions for medium-temperature applications (P rated)	kW	8
Rated heating output under average climate conditions for low-temperature applications (P rated)	kW	8
Seasonal space heating energy efficiency under average climate conditions for medium-temperature applications $(\boldsymbol{\eta}s)$	%	158
Seasonal space heating energy efficiency under average climate conditions for low-temperature applications (η s)	%	200
Annual energy consumption under average climate conditions for medium-temperature applications (QHE)	kWh/a	4133
Annual energy consumption under average climate conditions for low-temperature applications (QHE)	kWh/a	3310
Sound power level, indoor	dB(A)	0
Rated heating output under colder climate conditions for medium-temperature applications (P rated)	kW	8
Rated heating output under colder climate conditions for low-temperature applications (P rated)	kW	8
Rated heating output under warmer climate conditions for medium-temperature applications (P rated)	kW	4
Rated heating output under warmer climate conditions for low-temperature applications (P rated)	kW	4
Seasonal space heating energy efficiency under colder climate conditions for medium-temperature applications (η s)	%	144
Seasonal space heating energy efficiency under colder climate conditions for low-temperature applications (η s)	%	182
Seasonal space heating energy efficiency under warmer climate conditions for medium-temperature applications (η s)	%	180
Seasonal space heating energy efficiency under warmer climate conditions for low-temperature applications (η s)	%	253
Annual energy consumption under colder climate conditions for medium-temperature applications (QHE)	kWh/a	5120
Annual energy consumption under colder climate conditions for low-temperature applications (QHE)	kWh/a	4154
Annual energy consumption under warmer climate conditions for medium-temperature applications (QHE)	kWh/a	1292
Annual energy consumption under warmer climate conditions for low-temperature applications (QHE)	kWh/a	899
Sound power level, outdoor	dB(A)	47
