| Seasonal room heating efficiency in moderate climates for average temperature applications ( $\eta_s$ )                                   | % | 168                           |
| Temperature controller class  |   | II                            |
| Contribution of temperature controller to room heating energy efficiency  | % | 2                             |
| Value of differential between room heating energy efficiency under moderate climatic conditions and that under colder climatic conditions | % | 6                             |
| Value of differential between room heating energy efficiency under warmer climatic conditions and that under moderate climatic conditions | % | 1                             |
| Energy efficiency class for central heating in moderate climates for medium temperature applications                                      |   | A+++                          |
| Room heating energy efficiency class of composite system under moderate climatic conditions   |   | A+++                          |
