Product datasheet: Room heater to regulation (EU) no. 811/2013 / (S.I. 2019 No. 539 / Schedule 2)

	STIEBEL ELTRON A+
Energy efficiency class for central heating in moderate climates for medium temperature applications Energy efficiency class for central heating in moderate climates for low temperature applications Rated heating output in moderate climates for average temperature applications (Prated) Rated heating output in moderate climates for low temperature applications (Prated) Seasonal room heating efficiency in moderate climates for average temperature applications (\(\Pri\))s Seasonal room heating efficiency in moderate climates for low temperature applications (\(\Pri\))s Seasonal room heating efficiency in moderate climates for low temperature applications (\(\Pri\))s Annual energy consumption in moderate climates for average temperature applications (QHE) Annual energy consumption in moderate climates for low temperature applications (QHE) Sound power level internal dB(A) Sound power level external	A+
medium temperature applications Energy efficiency class for central heating in moderate climates for low temperature applications Rated heating output in moderate climates for average temperature applications (Prated) Rated heating output in moderate climates for low temperature applications (Prated) Seasonal room heating efficiency in moderate climates for average temperature applications (Πs) Seasonal room heating efficiency in moderate climates for low temperature applications (Πs) Annual energy consumption in moderate climates for average temperature applications (QHE) Annual energy consumption in moderate climates for low temperature applications (QHE) Sound power level internal dB(A) Sound power level external	
temperature applications Rated heating output in moderate climates for average temperature applications (Prated) Rated heating output in moderate climates for low temperature applications (Prated) Seasonal room heating efficiency in moderate climates for average temperature applications (Πs) Seasonal room heating efficiency in moderate climates for low temperature applications (Πs) Seasonal room heating efficiency in moderate climates for low temperature applications (Πs) Annual energy consumption in moderate climates for average temperature applications (QHE) Annual energy consumption in moderate climates for low temperature applications (QHE) Sound power level internal dB(A) Sound power level external	A++
Rated heating output in moderate climates for low temperature applications (Prated) Seasonal room heating efficiency in moderate climates for average temperature applications (Πs) Seasonal room heating efficiency in moderate climates for low temperature applications (Πs) Seasonal room heating efficiency in moderate climates for low temperature applications (Πs) Annual energy consumption in moderate climates for average temperature applications (QHE) Annual energy consumption in moderate climates for low temperature applications (QHE) Sound power level internal Sound power level external	
applications (Prated) KW Seasonal room heating efficiency in moderate climates for average temperature applications (Πs) % Seasonal room heating efficiency in moderate climates for low temperature applications (Πs) % Annual energy consumption in moderate climates for average temperature applications (QHE) kWh/a Annual energy consumption in moderate climates for low temperature applications (QHE) kWh/a Sound power level internal dB(A) Sound power level external dB(A)	7
temperature applications (Πs) Seasonal room heating efficiency in moderate climates for low temperature applications (Πs) Annual energy consumption in moderate climates for average temperature applications (QHE) Annual energy consumption in moderate climates for low temperature applications (QHE) Sound power level internal dB(A) Sound power level external	6
temperature applications (\$\Pi\$) \\ Annual energy consumption in moderate climates for average temperature applications (QHE) \\ Annual energy consumption in moderate climates for low temperature applications (QHE) \\ Sound power level internal \\ Sound power level external \\ dB(A)	121
temperature applications (QHE) Annual energy consumption in moderate climates for low temperature applications (QHE) Sound power level internal Sound power level external dB(A) Sound power level external	154
applications (QHE) Sound power level internal Sound power level external dB(A) dB(A)	4138
Sound power level external dB(A)	3280
	52
	52
	For all special measures to be taken during bly, installation or maintenance of the room heater, see the installation instructions
Rated heating output in colder climates for average temperature applications (Prated) kW	9
Rated heating output in colder climates for low temperature applications (Prated)	9
Rated heating output in warmer climates for average temperature applications (Prated)	7
Rated heating output in warmer climates for low temperature applications (Prated)	7
Seasonal room heating efficiency in colder climates for average temperature applications (ηs)	101
Seasonal room heating efficiency in colder climates for low temperature applications (η s)	135
Seasonal room heating efficiency in warmer climates for average temperature applications (ηs)	134
Seasonal room heating efficiency in warmer climates for low temperature applications (η s)	178
Annual energy consumption in colder climates for average temperature applications (QHE) kWh/a	8311
Annual energy consumption in colder climates for low temperature applications (QHE) kWh/a	
Annual energy consumption in warmer climates for average temperature applications (QHE) kWh/a	6605
Annual energy consumption in warmer climates for low temperature applications (QHE)	2694
